

# QFO LE

## CREATIVE MUSICAL INTERFACE

Q-BERT x Vestax = TECHNOLOGY EXCEEDS  
THE ARTFORM

The QFO is a revolutionary addition to a DJ's arsenal that breaks with traditional DJ set ups in order to allow DJs a new approach to scratches, cuts, juggles and other like turntablist moves.

### FEATURES

■  $\pm 60\%$  Pitch Control

A new style of pitch controlling is now possible thanks to the Spin Slide Pitch control. Sliding  $180^\circ$  with a selection of 3 control modes and a variety of linked scratch moves. It is also a very important feature when you're creating melodies with single note records.

■ Shock Proof Detachable Fader

A conductive plastic PCV fader has been applied with a new shock absorbent technology called, Shock Proof method, securing supreme stability for the turntable.

■ Monitor System

Unique stereo monitor system that can select each PGM and MASTER with a 3-point lever switch. Rehearsal play can be performed without sending sound out to the hall when MASTER is selected, and headphone jacks can be selected from a 1/4 inch headphone jack or a mini headphone jack.

■ Reverse & Curve Switch for Input and cross fader

■ The 4 foot insulators can be detached easily and 2 belt hooks (not included) can be attached for playing the QFO by a strap.

■ Designed to allow DJs the choice of their scratch hands and speedy access

■ Digital scratching is now possible by mounting the TT-M1 on the QFO and connecting it to the CDX-05. With this new combination, music CDs and MP3s can be digitally scratched by using the QFO as an interface. Scratching like never before.
